

NOTICE

Project, Coursework and Examination Credit for Part IIB of the Manufacturing Engineering Tripos

The Examiners for Part IIB of the Manufacturing Engineering Tripos in 2023 will take account of work produced by candidates. The Faculty Board have determined that this shall consist of work with the requirements and total marks available set out below.

300 marks divided as follows:

Manufacturing systems and robot lab	55 marks
One two-week industrial assignment	45 marks
One four-week industrial assignment	80 marks
Individual long project	120 marks

300 marks in total are available for the examination papers:

Two written papers, each marked out of 100	200 marks
Teaching modules, combined mark	100 marks

Some questions in the written papers may be based on written material provided by the examiners in advance; such material will be included as part of the examination paper and candidates may not bring any papers into the examination.

Students are expected to undertake all the coursework as specified above. No allowance will be made for absence unless it is due to illness or other grave cause, and will be made then only if the reasons are presented in writing by the student's Tutor and are found to be acceptable by the Head of Department. Details of allowances approved by the Faculty Board can be found in the 'Allowances for Illness' document, under the relevant Tripos year, on the CUED undergraduate teaching web page.

Work submitted for marking must be that of the student who submits it.

*Secretary of the Faculty Board of Engineering
